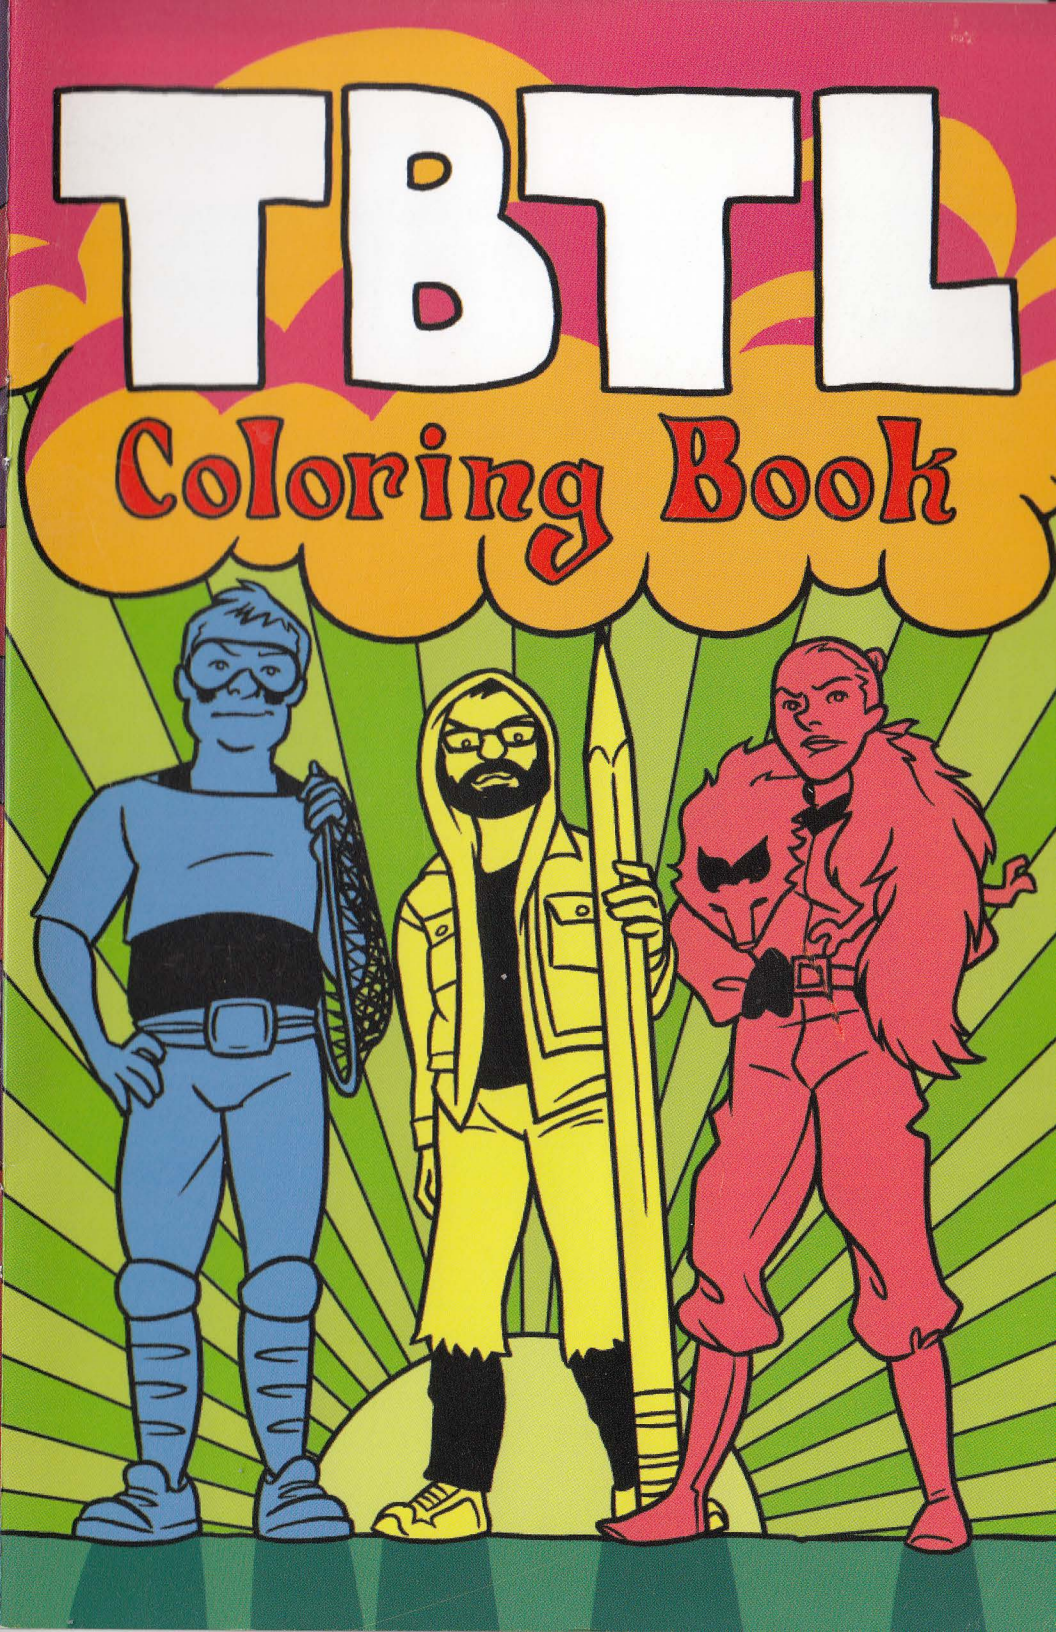
TBTL

Coloring Book



Dearest Friendos,

While some people would think it's a rip-off to pay $50 for a coloring book, you (or someone very near to you) realized that it was well worth it, considering your purchase of this awesome tome also helps support the Imaginary Radio show known as 'TBTL.'

You are a wonderful person for doing this, and may the coloring you do in this book bring you and your family countless hours of pleasure. Also, you are probably a sweet colorer now, because you are likely a grown-up.

Appreciatively,

Luke Burbank, Esq.
